Remarks

This charming property known as Quest was built in 2006 and commands the most breathtaking view of La Sagesse Bay and the mountainous terrain of Grenada. Perched on a hillside overlooking the bay to the East with cooling breezes, it boasts an open plan kitchen/dining/living room that opens out onto a good sized veranda, bathroom, study/office (that could be converted into a third bedroom), workshop and garage. The lower level comprises two bedrooms with two bathrooms, one of which is en-suite and laundry room. There is also enough land space to the side of the property for the addition of a swimming pool if so desired. Privacy is paramount in this quiet neighborhood approximately 35 minutes from the Maurice Bishop International Airport.
